117TH CONGRESS INTERIM REPORT
January 3, 2021 to January 3, 2022

**YOU NEED AN
ORGANIZATION LIKE
NFIB LOOKING OUT
FOR YOU.**

NFIB makes it easy for you to continue monitoring Congress at [NFIB.com/VoteReport](https://www.nfib.com/VoteReport) to see how your lawmakers treat small business in the coming months.

HOW DID CONGRESS TREAT SMALL BUSINESS?

In keeping with our promise to monitor key small business votes your lawmakers cast, NFIB presents this special interim report for the 117th Congress. Following a year of elections, this report cuts through the rhetoric of campaigns and looks at the hard facts: how your U.S. Senators and Representatives voted on small business issues during the first session of the 117th Congress.

Lawmakers who voted with small business on key issues 70 percent or more of the time during the 116th Congress earned NFIB’s Guardian of Small Business Award. Just as important, this report highlights lawmakers who not only failed to earn a Guardian Award, but who actually voted against small business issues a majority of the time.

This special NFIB member report should come as no surprise to lawmakers. NFIB asks lawmakers to support the consensus views of our members. We also remind lawmakers that their votes are being monitored and will be reported back to NFIB members.

HOW TO READ THIS REPORT >> What the Charts in How Congress Voted® Show

- NFIB’s position on Key Votes for the first session of the 117th Congress is located on the top row.
- The row of **Y** and **N** symbols beside each lawmaker’s name indicates whether they voted **YES** or **NO** on Key Votes in the first session of the 117th Congress.
- Voting percentages of lawmakers who also served in the prior (116th) Congress are in the gray column.
- Asterisks in the gray column indicates lawmakers who served a partial term in the 116th Congress

The chart displays voting records for representatives from various states, including Alaska, Arizona, Arkansas, California, Colorado, Connecticut, Delaware, Florida, Georgia, Hawaii, Idaho, Illinois, Indiana, Iowa, Kansas, Kentucky, Louisiana, Maine, Maryland, Massachusetts, Michigan, Minnesota, Missouri, Montana, Nebraska, Nevada, New Hampshire, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, Pennsylvania, Rhode Island, South Carolina, South Dakota, Tennessee, Texas, Utah, Vermont, Virginia, Washington, West Virginia, Wisconsin, and Wyoming. Each state's representatives are listed with their names and party affiliations, along with their voting records on key small business issues for both the 116th and 117th Congresses.

The following are descriptions of the six bills designated as **NFIB Key Votes** used to compile your U.S. Representative's NFIB Interim Voting Record for the 117th Congress. Each description includes NFIB's position on the issue, as well as the NFIB Member Ballot or other research that determined that position.

1. American Rescue Plan Act (H.R. 1319)

NFIB opposed H.R. 1319, sponsored by Rep. John Yarmuth (KY-3). The bill included the *Raise the Wage Act*, which would immediately increase the federal minimum wage by more than 30 percent to \$15 per hour in four years, and automatically increase the federal minimum wage threshold every subsequent year. Also, the bill would eliminate the federal minimum tipped wage. Passed 219-212. *The Raise the Wage Act was removed from the American Rescue Plan Act in the Senate before the legislation was signed into law on March 11, 2021 (Public Law No. 117-2).*

WHAT MEMBERS SAID:

In a January 2021 NFIB survey titled, "COVID-19: PPP, ERTC, the Economy, the Vaccine, and Minimum Wage," 74 percent of small business owners reported that increasing the federal minimum wage to \$15 per hour would negatively impact their business. Of those impacted, 58 percent

report that they would reduce the number of employees, 60 percent would reduce employees' hours, and 67 percent would leave open positions unfilled. Additionally, in an NFIB Member Ballot (Vol. 569), 92 percent of NFIB members oppose increasing the federal minimum wage to \$15 per hour.

2. Protecting the Right to Organize (PRO) Act (H.R. 842)

NFIB opposed H.R. 842, sponsored by Rep. Bobby Scott (VA-3). This legislation would dramatically upend long-standing employment law in favor of labor unions at the expense of small businesses and employees. Passed 225-206. *While the PRO Act passed the House, it has not received consideration in the Senate.*

WHAT MEMBERS SAID:

In NFIB Member Ballots, 92 percent of NFIB members oppose legislation that allows unions to picket an employer's suppliers and customers during a labor

dispute (Vol. 573); 93 percent of NFIB members oppose requiring employers to provide the personal contact information of their employees to union organizers (Vol. 575); and 89 percent of NFIB members oppose requiring a contractor to be responsible for a subcontractor's hiring practices (Vol. 567).

3. Paycheck Protection Program (PPP) Extension Act (H.R. 1799)

NFIB supported H.R. 1799, sponsored by Rep. Carolyn Bourdeaux (GA-7). The bill extended authorization for the Paycheck Protection Program (PPP) beyond March 31, 2021. Passed 415-3. *The PPP Extension Act was approved by both the House and Senate and was signed into law on March 30, 2021 (Public Law No. 117-6).*

WHAT MEMBERS SAID:

In NFIB's February 2021 Small Business Economic Trends survey,

small business optimism remained below its historic 47-year average. Small business owners expecting better business conditions over the next six months remained at a net negative 19 percent, a poor reading.

4. Paycheck Fairness Act (H.R. 7)

NFIB opposed H.R. 7, sponsored by Rep. Rosa DeLauro (CT-3). The bill would make legitimate business-related pay differences difficult to defend in court, invite frivolous lawsuits against small business owners, and prohibit common hiring practices that help small businesses identify qualified employees. Passed 217-210. *While the Paycheck Fairness Act was approved by the House, it did not pass the Senate (failed 49-50).*

WHAT MEMBERS SAID:

In an NFIB member ballot (Vol. 575), 79 percent of NFIB members believe that small employers should not be prohibited from asking prospective employees about wage and salary history.

5. Fiscal Year 2022 Budget Resolution (S. Con. Res. 14)

NFIB opposed S. Con. Res. 14, sponsored by Rep. Joe Neguse (CO-2). This budget resolution contains reconciliation instructions giving broad authority to raise taxes and create new mandates on small businesses under expedited procedures. Passed 220-212. *The FY2022 Budget Resolution was approved by both the House and Senate, setting up the procedure to consider legislation using the budget reconciliation process.*

WHAT MEMBERS SAID:

In an NFIB 2021 Tax Survey, small business owners shared that federal business income taxes were the most burdensome tax on both a financial and administrative basis. Additionally, in a recent NFIB Member Ballot (Vol. 578), 90 percent of NFIB members believe that small employers should be exempt from paid sick and family leave mandates.

6. Build Back Better Act (H.R. 5376)

NFIB opposed H.R. 5376, sponsored by Rep. John Yarmuth (KY-3). The bill would increase taxes, impose new mandates, and increase penalties on small business owners. Passed 220-213. *While the Build Back Better Act passed the House, it has not been considered by the Senate.*

WHAT MEMBERS SAID:

In an NFIB 2021 Tax Survey, small business owners shared that federal business income taxes were the most burdensome tax on both a financial and administrative basis. Additionally, in a recent NFIB Member Ballot (Vol. 578), 90 percent of NFIB members believe that small employers should be exempt from paid sick and family leave mandates.

The following are descriptions of the six bills designated as **NFIB Key Votes** used to compile your U.S. Senator's NFIB Interim Voting Record for the 117th Congress. Each description includes NFIB's position on the issue, as well as the NFIB Member Ballot or other research that determined that position.

1. Rubio, Lankford, T. Scott Amendment (Amdt. 69 to S. Con. Res. 5)

NFIB supported the tax protection amendment, sponsored by Sens. Marco Rubio (FL), James Lankford (OK), and Tim Scott (SC). The amendment would protect small businesses from tax increases as they weather the continued economic crisis caused by the COVID-19 pandemic. Passed 100-0. *The amendment was adopted as part of the Senate Budget Resolution.*

WHAT MEMBERS SAID:

In an NFIB 2021 Tax Survey, small business owners shared that federal business income taxes were the most burdensome tax on both a financial and administrative basis.

2. Sanders Amendment (S.Amdt. 972 to S.Amdt. 89)

NFIB opposed the minimum wage increase amendment, sponsored by Sen. Bernie Sanders (VT). The amendment would have added the *Raise the Wage Act*, back into the *American Rescue Plan Act*. The amendment would immediately increase the federal minimum wage by more than 30 percent

to \$15 per hour in four years, and automatically increase the federal minimum wage threshold every subsequent year. Also, the amendment would eliminate the federal minimum tipped wage. Failed 42-58. *The amendment was rejected and the \$15 per hour federal minimum wage increase was not included in the American Rescue Plan Act, which was signed into law on March 11, 2021 (Public Law No. 117-2).*

WHAT MEMBERS SAID:

In a January 2021 NFIB survey titled, "COVID-19: PPP, ERTC, the Economy, the Vaccine, and Minimum Wage", 74 percent of small business owners reported that increasing the federal minimum wage to \$15 per hour would negatively impact their business. Of those impacted, 58 percent report that they would reduce the number of employees, 60 percent would reduce employees' hours, and 67 percent would leave open positions unfilled. Additionally, in an NFIB Member Ballot (Vol. 569), 92 percent of NFIB members oppose increasing the federal minimum wage to \$15 per hour.

3. Portman Amendment (S. Amdt. 1092 to H.R. 1319)

NFIB supported the amendment sponsored by Sen. Rob Portman (OH). The amendment would decrease supplemental federal pandemic unemployment compensation from \$400 per week to \$300 per week and shorten the extension of the supplemental benefits. Passed 50-49. *The amendment was accepted and the lower weekly supplemental unemployment insurance payments were incorporated into the American Rescue Plan Act, which was signed into law on March 11, 2021 (Public Law No. 117-2).*

WHAT MEMBERS SAID:

In an NFIB survey titled, "Covid-19 Small Business Survey (11) – PPP, EIDL, Unemployment Insurance, the Economy," August 17-18, 2020, this benefit presented a significant challenge to some small business owners trying to fill open positions. About one-third (32 percent) of small business owners reported that the extra \$600 per week hurt their business by making it harder to hire or re-hire workers.

Additionally, in NFIB's Jobs Report, March 4, 2021, 56 percent of small business owners reported hiring or trying to hire in February.

4. Paycheck Protection Program (PPP) Extension Act (H.R. 1799)

NFIB supported H.R. 1799, sponsored by Rep. Carolyn Bourdeaux (GA-7). The bill extended authorization for the Paycheck Protection Program (PPP) beyond March 31, 2021. Passed 92-7. *The PPP Extension Act was approved by both the House and Senate and was signed into law on March 30, 2021 (Public Law No. 117-6).*

WHAT MEMBERS SAID:

In NFIB's survey titled, "Small Business Economic Trends" from February 2021, small business optimism remained below its historic 47-year average. Small business owners expecting better business conditions over the next six months remained at a net negative 19 percent, a poor reading.

5. Thune Amendment (Amdt. 3106 to S. Con. Res. 14)

NFIB supported the tax protection amendment sponsored by Sen. John Thune (SD). This amendment would protect the ability of family-owned businesses and farms to pass business assets from one generation to the next without incurring a devastating capital gains tax burden. Passed 99-0. *The amendment was accepted as part of the Senate Budget Resolution.*

WHAT MEMBERS SAID:

In an NFIB 2021 Tax Survey, one-third (33 percent) of small business owners plan to pass their business to a family member. If capital gains tax were assessed at the time of business inheritance, small business owners were most likely (38 percent) to believe family members inheriting the business would have to take out a loan to pay the tax, another 26 percent anticipate that family members would sell part of the business.

6. Congressional Disapproval of COVID-19 Vaccination and Testing Emergency Temporary Standard (S. J. Res. 29)

NFIB supported the regulation protection resolution sponsored by Sen. Mike Braun (IN). The joint resolution provided for congressional disapproval of the Biden Administration's vaccine and testing mandate. Passed 52-48. *The U.S. Supreme Court provided a stay from the Administration's ETS and cited the joint resolution in their decision.*

WHAT MEMBERS SAID:

In NFIB's Jobs Report from November 2021, 48 percent of all small business owners reported job openings they could not fill. Moreover, 29 percent of owners reported labor quality as their top business problem in November, a 48-year record high.
