February 26, 2021

Dear Chairmen Wyden and Neal, and Ranking Members Crapo and Brady:

The undersigned business groups strongly support H.R. 1381 and S. 480, the Main Street Tax Certainty Act of 2021, to make permanent the Section 199A 20-percent deduction for qualified business income.

Led by Representatives Jason Smith (MO) and Henry Cuellar (TX) in the House, and Senators Steve Daines (MT), Bill Cassidy (LA), Tim Scott (SC), and Rob Portman (OH) in the Senate, this bipartisan legislation will help ensure permanent tax parity for the millions of employers organized as S corporations, partnerships and sole proprietorships. It will also provide certainty to the countless businesses who have been devastated by the COVID-19 pandemic.

Individually- and family-owned businesses are the backbone of the American economy – they employ the majority of private-sector workers and represent 95 percent of all businesses. Despite the economic importance of the pass-through sector, however, Section 199A is scheduled to sunset at the end of 2025.

These businesses have been hard hit by the COVID-19 pandemic and resulting shutdown policies. According to Yelp's Local Economic Impact Report, a majority of businesses closed during the pandemic will not reopen, while small business revenues overall have declined by more than 30 percent in the past year.

Making the 199A deduction permanent will help millions of these pass-through businesses during this very difficult time, leading to higher economic growth and more employment. Analysis by economists Robert Barro and Jason Furman found that, among other provisions, making the pass-through deduction permanent would result in significantly increased economic growth in the coming years. The American Action Forum found similar results.

The sooner Congress acts to make Section 199A permanent, the sooner Main Street employers – and the broader economy – will benefit.

We appreciate your consideration of this important legislation.

Sincerely,

AMAC Action
