

YOUR VOTE MATTERS

In the upcoming election on November 3rd, you have the opportunity to vote for who will lead our community, state, and country. You will also be able to vote on whether you want to see increased taxes on you and your employer.

Who we elect will determine:

- ✓ Whether more jobs or fewer jobs are available for workers like you.
- ✓ Whether employers are able to increase wages and benefits for you and your colleagues.
- ✓ Whether companies have the support they need to stay in business and keep paying their employees during the COVID-19 pandemic.
- ✓ Whether taxes are going to go up even more or go down for working families like yours.

VOTE!

Your vote will have a significant impact on you, your family, your job, and your employer. To learn which candidates support Illinois small businesses and workers, ask your employer for the NFIB Voter Guide.

Check Your Voter Registration or Register to Vote: [Elections.IL.Gov](https://elections.il.gov)

Early Voting: Now – November 1st

Election Day: Tuesday, November 3rd

VOTE NO ON THE PROGRESSIVE TAX AMENDMENT

A Constitutional Amendment will appear at the top of your ballot that gives Springfield politicians the ability to raise taxes at will. The progressive tax will cost jobs, slow wage growth, and hurt Illinois workers when we're already facing the highest unemployment since the Great Depression due to the coronavirus. Worst of all, the progressive tax will raise taxes on working families like yours!
