## Guardians of Small Business | 2017-18

In a two-year session marked by the passage of several bills harmful to small business, 30 legislators stood out for their perfect or near-perfect support of our state's leading job creators, earning the title Guardian of Small Business for the 65th Washington State Legislature (2017-18).

Lawmakers were scored on 10 votes in each chamber. Those voting the NFIB position at least 90 percent of the time received NFIB's Guardian award.
