

As a small business owner, you know how devastating the progressive tax will be to your company, employees, and the economy. But let's also face the facts: even if every single business owner in Illinois voted against this tax increase, that's not enough votes to defeat the tax.

The only way for us to defeat the progressive tax is for you to engage your employees, colleagues, and every single voter you know to warn them of the dangers of imposing yet another tax hike on already over-taxed Illinoisans.

**Below are ways you can help defeat the progressive tax.
Pick one, or two, or all and take a stand today!**

Share Your Business' Story

The most effective way you can make an impact in this election is by sharing your story. How have high taxes and burdensome regulations impacted your business? How has the COVID-19 shutdown hurt your business? Have you had to lay off employees, reduce hours, or cut benefits? Have you gone without pay so you could take care of your workers?

Believe it or not, the best thing you can do is tell your story so that Illinois voters can see that you're a normal person, like them, just struggling to do right by your family, your workers, and your community. With your story, we'll help them realize that adding yet another tax onto your back is the last thing Illinois should be doing right now.
